

Chief Executive's Foreword

Welcome to our Impact Report.

In 2015 we launched the original Mission 2025 strategy – a vision for table tennis in England based on four strategic priorities: people, places, participation and performance. In 2020 we are launching a refreshed version of Mission 2025 based on what we have learnt in the past five years. In other words what impact has our work had on our members, clubs, leagues as well as wider communities, people and societies.

By understanding the impact of our work, we are able to evaluate what works and why and then adjust our programmes and support accordingly. Its only by trying something that we can truly understand the impact. The report is a living record, it will be updated regularly.

The role of Table Tennis England as a National Governing Body is wide and varied. The different sections of this report provide an overview of most but not all of what we do.

Please feel free to contact us at help@tabletennisengland.co.uk if you have a specific question or want more information about anything you read here. We would be delighted to help you to play, support, deliver or enjoy table tennis as much as we do!

A handwritten signature in black ink, appearing to read "Sara Sutcliffe".
